

What parents say about their New Salem Weekday Education experience:

“New Salem Baptist’s Weekday Education Ministry has been the perfect place for all three of our children to attend preschool. As the kids have progressed from the Mothers Day Out through the Kindergarten Readiness programs, we found each member of the staff to be nurturing, loving and attentive. When I drop my kids off at New Salem, I feel like they are being cared by family. The children really thrive under the excellent teaching and fun environment and cannot wait to return to school each day.”

Tracey Howard

“We are so please with New Salem’s Weekday Education Ministry. The staff and Director are wonderful, loving individuals who really care for the education and well being of our children. This is our fourth year with the school and we continue to be pleased.

New Salem WEM provides a solid foundation in God’s Word that is appropriate at each age level. The instruction from the teachers in basic skills as well as reading and writing provide a good base for the kids to grow from each year. The in-house field trips, Computer Bits & Bytes and other special programs that the school offers are top-notch making New Salem an obvious choice!”
